Math is a Science.
English and Social Studies are part of Humanities.
Where does Technology Fit in the 4x4 plan?

Computing is our 21st Century Academic Discipline.

Technology is what drives our economy –
The Products Engineered and Produced by man.

The way it is STEM -> The way to change education STEM.

After all, limited application of science and math with real world problems is the problem with S&M that T&E can fix

COMPUTER SCIENCE – IS THE STEM TECHNOLOGY -
COMPUTING ENVIRONMENT
SCIENCE – ALGORITHMIC THINKING
HUMANITIES – DIGITAL COMMUNICATION

CSTA K-8 Model Curriculum – www.csta.acm.org
Category 1: Computers and software applications
Category 2: Problem solving with computer science
Category 3: Social context of computing

Created **June 2009** for NGCP / NECC / ACM SIGCT
